

DEATH ROLL IS RAPIDLY GROWING LARGER

Now Estimated That There Are
Twenty-five Hundred Dead
In Cartago

THOUSAND MAY BE DEAD
IN TOWN OF PARAISO

Other Villages Greatly Dam-
aged—Rain Adds to Suffer-
ing and Retards Rescues

SAN JOSE, Costa Rica, May
9.—Cartago advices say that
less than 900 victims of the
earthquake have been removed
from the wreckage. Today's
estimates place the dead at
2500.

It has been learned positive-
ly that Paraiso, Pocaco and
Orisi suffered heavily. The ex-
tent of the damage is unknown.
A thousand are reported as
dead in Paraiso.

Heavy rains are adding to
suffering of the survivors pre-
venting cooking of food at the
refugee camps and causing
the debris to settle much, ren-
dering rescue work most dan-
gerous.

The injured are suffering pitifully.
Many are lying in the open, soaked
by the rains, and without medical at-
tention. The supplies are inadequate
and drinking water is short. Rescu-
ers are handicapped by the danger
of falling walls.

A fissure is appearing in the ground
near Cartago. Ten thousand are
homeless in the city of Cartago. Hun-
dreds are unprotected from the ele-
ments in the other villages affected.

HIGHER FREIGHT RATES
WILL ADVANCE LUMBER

SEATTLE, May 9.—J. H. Blodel, of
Bellingham, one of the largest lumber
and shingle manufacturers on Puget
Sound, has returned from St. Paul
and Chicago where he was definitely
informed by the managements both
of the Great Northern and Northern
Pacific railroads that an advance in
their freight rates on lumber and shingles
and all other forest products is to
be inaugurated next fall.

The advance probably will be made
November 15, the required thirty days
after the expiration of the two-year
rates order by the Interstate Com-
merce Commission about a year and a
half ago.

OVERACKER WILL
BE HELD IN JAIL
PENDING APPEAL

S. H. Overacker, under sentence to
life imprisonment in Folsom peniten-
tiary for the murder of G. A.
Winn, will be held in the county jail
pending the appeal to be taken to the
supreme court. The appeal probably
will not be heard and determined for
several months. The appeal will be
in charge of Attorneys Montgomery &
Farver.

Weather Forecast
Southern California: Showers to-
night and Tuesday; light south wind.

AMERICAN MATADOR IS
DYING AT GUADALAJARA

MEXICO CITY, May 9.—Harper
B. Lee, a Harvard graduate
and America's foremost matador,
is dying in a hospital at Guar-
dalajara from injuries received in
a bullfight. Lee killed the bull,
and bowed his acknowledged
victims before collapsing.

PROGRESSIVES TO OPEN CAMPAIGN

Dolliver and Cummins Will be
Apostles of Insurgency
In the West

WASHINGTON, May 9.—Tuesday
night in Iowa the Progressives will
answer the fire directed against their
camp by President Taft, Attorney Gen-
eral Wickersham and others.

Cummins and Dolliver will appear
in Des Moines at a great mass meet-
ing, where they will "review the argu-
ments of the 'regulars.'" It is expected
that the speeches will make plain the
difference in the Republican ranks,
also that there will be a call to voters
to endorse the progressive principles.
It is also reported that Cummins
and Dolliver will extend the Des
Moines campaign throughout the west
until their senatorial duties shall de-
mand their return to Washington.

HIGHWAY COMMISSION
WILL BE INVESTIGATED

LOS ANGELES, May 9.—The coun-
ty supervisors today ordered a search-
ing investigation of the Highway Com-
mission, including the work it has
done, the projected work and the
books of the commission. This ac-
tion is the result of charges of over-
expenditure and poor work on the part
of the highway commission made by
the commission advisory board.

WHITE SLAVE BILL SEVERE

Fine and Imprisonment—Traf-
fic Panic Stricken as New
York Probe Proceeds

WASHINGTON, May 9.—The Mann
bill, providing for \$50,000 fine and five
years' imprisonment for interstate
traffic in "white slavery" will be re-
ported from the Senate committee
favorably, according to the politi-
cians. The bill will surely pass the
Senate, as a result of the New York
"white slavery" revelations, they
say. It has already been endorsed
by the House.

Commenting on the "white slave"
traffic, Representative Mann, of Il-
linois, the author of the bill, said to-
day:

"While not so extensive, the 'white
slave' traffic is more horrible than
black slavery ever was."

PROBE REACHES FAR
IN NEARLIFE TRAFFIC

NEW YORK, May 9.—"White Slave-
ry" is a panic stricken, running to
cover as the result of the probe started
by the district attorney's office. The
tenderloin is stripped of its garish-
ness today and the habitués are miss-
ing.

The district attorney's assistants
intimate that the probe will go far,
and never cease until the "higher
ups" are behind the bars.

SCHOOL DISTRICT
HAS RECEIVED ITS
MONEY FOR BONDS

County Clerk Williams and Treasur-
er Joplin today received \$6000 with
\$121 premium from the American
Savings Bank of Los Angeles, and in
return gave the bank the \$6000 bonds
of the school district. The bonds
were sold recently. The money is to
be used for a new schoolhouse in the
Randolph district near Fullerton.

Judge Curtis H. Lindley Out for Hiram Johnson

Judge Curtis H. Lindley, of San Francisco, has reg-
istered as a Republican for the first time in his life, so
that he might sign Hiram W. Johnson's nominating petition
and vote for him. Judge Lindley's reason for this, in his
own words, is that "Hiram Johnson is the only man now
before the people of California who is big enough to meet
the great political crisis now confronting this state." Bravely
and clearly said, Judge Lindley. Your work for
reform of the laws and the lawyers, as well as your dis-
tinguished position in the California bar and as head of the
State Bar Association, give your phrase an added signifi-
cance that you doubtless weighed well when you worded it.
It is your type of Democrats and Republicans alike that are
going to put into the governor's chair this fall the first man
ever put there on a clean-cut moral issue.

ernment Palace

EARL GRAY AND FAMILY
FLED PANIC-STRICKEN

Homes of Workingmen Wreck-
ed—Property Loss Reaches
One Hundred Thousand

OTTAWA, Ont., May 9.—The prop-
erty damage in the explosion of the
General Explosives Company's plant
at Hull is estimated at \$100,000.

It is now certain that fifteen were
killed. Buildings at Ottawa, four
miles distant, were badly shaken.
Earl Grey's home was slightly dam-
aged. An official investigation will
probably be ordered.

OTTAWA, Ontario, May 9.—Ten
persons are dead and many missing as
a result of an explosion last evening
in the dynamite works at Hull, across
the river from here. The outbuildings
of the explosive factory caught fire
and the detonators exploded when the
flames reached them. Thousands of
dollars worth of damage was done by
the smashing of plate glass windows.

Rideau Hall, the official home of
Earl Grey, and the buildings on Par-
liament Hill caught the full force of
the explosion. Every window on one
side of Rideau Hall was blown out
and two great stone chimneys top-
pled over on the roof of the building.
The Parliament buildings were also
badly damaged. Earl Grey and fam-
ily and servants fled panic stricken to
the street. The explosion shattered
many frame dwellings of workingmen.

LOCOMOTIVE AND CARRIAGE CRASH

Oregon Accident Results in the
Death of One—Serious
Injuries to Three

DALLAS, Ore., May 9.—One dead,
one perhaps fatally, and two serious-
ly injured, is the result of a collision
of a locomotive and a carriage at
Bridewell station last night. Miss
Leighton of McMinnville, was instan-
tly killed, and Eunice Lewis may die
as a result of her injuries. The girls
were riding with J. Scully and E.
Whipple when the frightened horses
dashed in front of the train. The
men were seriously hurt.

MRS. HYDE SCORES ONE FOR HUSBAND

Testifies That Twyman Held
Strings That Controlled the
Bleeding of Hunton

KANSAS CITY, May 9.—Mrs. B.
C. Hyde, wife of the man accused of
the murder of Colonel Swope, took
the stand today in her husband's de-
fense. She told of Dr. Hyde's court-
ship, which caused the estrangement
of herself and her mother, Mrs. Lo-
gan Swope. She wept on the stand.
It is expected her testimony will oc-
cupy the entire day.

Mrs. Hyde scored for the defense
when she testified concerning the
death of Col. Moss Hunton, the pros-
pective executor of the Swope es-
tate. She denied that Dr. Twyman,
the Swope family physician, warned
Dr. Hyde not to draw too much blood
from Hunton when the physician was
bleeding him during his fatal illness.
She stated that Dr. Twyman himself,
instead of Dr. Hyde, held the strings
controlling the flow of blood from
Hunton's veins.

Thomas Swope's testimony was at-
tacked by Mrs. Hyde. She testified
that Thomas did not find the cap-
sules alleged to have been thrown
away by Dr. Hyde. Thomas was in
the house at the time that he declar-
ed on the stand that he picked up the
capsules, according to the woman's
testimony.

LEOPOLD GRAFTED EVEN ON DEATHBED

Turned Over \$6,000,000 in
Congo Bonds to Baroness
Vaughn

BRUSSELS, May 9.—In an open let-
ter published here, M. Vandervelle, a
Socialist leader, charges that the late
King Leopold, the day before he un-
derwent his final operation, turned
over to Baroness Vaughn, six mil-
lions worth of Congo bonds which
could not be found when Congo was
annexed by Belgium.

The transaction was made through
Baron Snoy, commandant of the royal
household, acting under the instruc-
tions of the king, according to the
charges.

"FARTHEST NORTH" WILL HAVE ITS FIRST CHURCH

SEATTLE, Wash., May 9.—About
the middle of the week the little
schooner Volante, Captain John Back-
lund, sails for Point Barrow in the
Arctic, the farthest north port in
North American waters. She will
work her way through the endless ice
fields of the Behring sea and the
Arctic ocean.

In her hold will be taken lumber
with which a church will be erected
at Point Barrow, the most northern
erifice of its kind in the country. It
is the First Presbyterian church, and
the pastor is Rev. D. B. Marsh, an Am-
erican, whose parishoners largely are
Eskimos.

TWO WOMEN DROWNED AS
ROWING IN OREGON RIVER

ROSEBURG, Ore., May 9.—Ada Vail
and Miss Hattie Smith were drowned
near Winchester early today. The cor-
oner and undertaker with several citi-
zens have started to the river where
the women met their death while row-
ing.

PALOS MINE GIVES UP MANY MORE DEAD

PALOS, Ala., May 9.—Sixty-seven
bodies have been taken out of the
Palos mines by 11 o'clock last night,
and the rescuing parties who have
been working since the explosion
Thursday have been through the
whole mine.

An estimate is made that there are
still eighteen bodies, which will re-
duce the first account of the disaster
to eighty-five in all.
Yesterday was a sad Sunday in
Palos. Eighteen white men were
buried.

EAST FOURTH CROSSINGS TO HAVE GATES

Railroads and City Trustees
Reach Agreement for Pub-
lic Protection

BELL ALARMS BE
USED ELSEWHERE

Changes Will Not be Made
Within Three Months—
Meeting This Morning

Gates are to be established at the
Fourth street crossing of the South-
ern Pacific and Santa Ana railroads,
and crossings alarm bells are to be
established at every important cross-
ing within the city limits, where they
do not already exist.

This was the agreement given the
city trustees this morning by of-
ficials of the operating department of
the two railroads, who were here this
morning from Los Angeles, and who
went over the street crossings with
the city trustees.

The changes will be made within
about three months, it taking that
length of time to get the equipment,
which must be ordered in the East.
This action was hastened by the
recent accident on the Stafford street
crossing of the Southern Pacific, in
which L. C. Travis, an automobile
demonstrator, lost his life. Last Mon-
day evening, hearing that the city
trustees were likely to take steps to
bring about legislation ordering gates
on crossings, representatives of the
two railroads asked for an appoint-
ment with the trustees to go over the
situation. The time fixed was 10:15
o'clock this morning.

The railroads expressed a willing-
ness to do their part. The Fourth
street crossing was considered the
most dangerous. Each railroad agreed
to put in gates on Fourth street. The
city trustees were satisfied with the
bell alarm system for the other cross-
ings.

SECRET SERVICE MEN ARE WORRIED

Will Take Extra Care to Guard
Taft as He Nears Anarchist
Headquarters

WASHINGTON, May 9.—Secret ser-
vice officials guarding President Taft
are worried because of the president's
program today.

After opening the Actors Fund Fair
in New York he will enter New Jer-
sey by motor to Passaic. Northern
New Jersey is regarded as anarchist
headquarters by the secret service.
Extraordinary precautions will be
taken to guard the executive.

The Master Builder Of Calif

Many reformers are destructive and con-
structive. They would tear down, leaving the wreckage
for others to clear away and the constructive work for
others to build. Not so the insurgency of eastern Republi-
canism and of the Lincoln-Roosevelt Republican League.
In the place of bosses they would set up leaders; in the
place of programs they would outline policies; in the place
of railroads dominating our political life they would re-
juvenate political parties, representatively constructed, and
directly commissioned by the voters belonging to those
parties; in place of political machines they would organize
and energize a prepotent public sentiment and make it ef-
fective. In this work of constructive reform Hiram W.
Johnson is our Master Builder of California.—California
Weekly.

ROOSEVELT PARTY IS OFF TO GERMANY

Will be Guests of Ambassador
Hill as Kaiser is in Mourn-
ing for Edward

STOCKHOLM, May 9.—Col. Roose-
velt and party started for Berlin at
11 o'clock this morning. The Col-
onel's throat, which has been raw and
inflamed for several days, caused him
to omit several speeches from the lo-
cal program. Specialists say the af-
fection is not serious, and after three
days' rest he will be able to deliver
the Berlin addresses as scheduled.

The Roosevelts will be entertained
by Ambassador Hill, the Kaiser's in-
vitations being cancelled as a result
of King Edward's death. The party
will make the trip to Berlin in spe-
cial trains furnished by the Swedish
and German governments.

The Kaiser approved of Colonel
Roosevelt's suggestion that he should
not be a guest at the palace because
of King Edward's death. The Kaiser
will entertain him tomorrow and this
will be the only time he will visit the
palace.

BRITISH EXPLORER'S

CHICAGO, May 9.—Col. Roosevelt

he," was the comment of Lieut. Earn-
est Shackleton, the British explorer
who is in Chicago today.

COOK MATTER COMES TO LIFE

Explorer's Brother to Aid Capt.
Bernier in Trip That May
Prove Cook's Claims

CALLICOON, N. Y., May 9.—Theodore
A. Cook, brother of Dr. Cook, to-
day shipped four sledges for Arctic
use to Captain Joseph Bernier of the
Canadian marines, who will leave
next month on a trip to the regions
alleged to have been traversed by Ex-
plorer Cook.

The trip may prove Dr. Cook's
claims. His brother says he is con-
tent to let the verdict rest on Dr. Ber-
nier's findings. He stated Dr. Cook
is now in a near sanitarium, where he
is getting medical advice. He also
said his brother had not been to South
America since his return from the
polar regions.

FRANKING RIGHT IS BEING ABUSED— STONE ASKS PROBE

WASHINGTON, May 9.—The al-
leged violation of the franking privi-
lege granted by the postal department,
is the cause of a resolution introduced
by Senator Stone of Missouri. He
declares political matter is sent through
the mails without cost.

He referred specifically to the book
called "The Story of the Tariff," which
he declared to be a campaign docu-
ment. He demanded an investigation.
The resolution was endorsed by Bacon
of Georgia.

FIGHT FANS REJOICING AT GILLET'S ATTITUDE

NEW YORK, May 9.—Governor Gil-
lett of California has reiterated his
declaration that he will not interfere
with the Jeffries-Johnson fight. The
fight fans here are joyous over the
announcement.

STRENGTH OF LONDONERS UPHELD NEW YORK MARKET

NEW YORK, May 9.—The stock
market opened strong. The bulls
were apparently in control, and were
determined not to permit King Ed-
ward's death to affect the predicted
slump. The strong London tone help-
ed to uphold the local stocks.

To Be Distributed
A petition for distribution has been
filed in the estate of Graciosa Erram-
puse. The estate consists of a note
for \$8500 and \$501 cash, and is to go

ingo Errampuse of Myford.

THREE LOST LIVES IN
TRYING TO SAVE ONE

NEW YORK, May 9.—A wire-
less from the steamer Oceanica,
bound from New York to
Bermuda, states that three sea-
men were drowned while try-
ing to rescue a man who leaped
into the sea with suicidal in-
tent. No names were given.

KING GEORGE PROCLAIMED KING TO DAY

EDWARD'S FUNERAL WILL
BE AT WINDSOR MAY 20

King's Body to Lie in State at
Westminster—Stock Mar-
kets Rally

LONDON, May 9.—George V. was
proclaimed King of England at 9 o'-
clock this morning. The medieval
pomp characterizing the ceremony
contrasted strongly with the evi-
dences of mourning for the late King.

Official announcement was made
that King Edward's funeral would be
held at Windsor castle on May 20.
The body will lie in state at West-
minster for three days preceding the
funeral.

Everyone hearing the proclama-
tion wore a badge of mourning. There
were many wet eyes when the York
herald called for cheers for the new
King. According to custom the her-
ald officials wore no mourning. All
flags were at full staff today in hon-
or of King George. Tomorrow they
will be at half mast in memory of
King Edward.

Physicians generally accept the
cause of King Edward's death as an-
nounced by the court doctors as cor-
rect, although many believe that ap-
oplexy may have come in the last min-
utes, bronchitis rarely causing death
so quickly.

Tentative arrangements for the fu-
neral of King Edward have been com-
pleted. Lord Escher, deputy govern-
or of Windsor Castle, who had
charge of the funeral of Queen Vic-
toria and the coronation of King Ed-
ward, will superintend the obsequies.
King George, on horseback, with the
Dowager Queen Alexandra will fol-
low the catafalque. Arrangements
will be announced officially later.

In compliance with the wishes of
King George, all theaters will be re-
opened. They will be closed only on
the day of King Edward's funeral. The
King expressed a desire that the
performances continue, referring to
the unnecessary hardship to the
theatrical profession if it should be
unemployed even a few days.

Kaiser Will Attend Funeral
BERLIN, May 9.—The Kaiser has
decided to attend King Edward's fu-
neral, and will be accompanied by
his brother, Prince Henry of Prussia.
The journey to England will be made
in the Imperial yacht Hohenzollern.

STOCK MARKET KEPT UP
BY WORK OF FINANCIERS

LONDON, May 9.—British finan-
ciers on the cotton and stock ex-
changes worked bravely today to pre-
vent the slump feared as a result of
the King's death. As a result of their
efforts every stock listed showed a
slight gain. Business was brisk.
Brokers had unlimited buying orders.
British consols, which were expected
to show a decrease because of King
George's anti-German sentiments,
rose from five to eight points.

NEW YORK, May 9.—The stock
market opened strong. The bulls
were apparently in control, and were
determined not to permit King Ed-
ward's death to affect the predicted
slump. The strong London tone help-
ed to uphold the local stocks.

REMEDY FOR EUROPEAN FOUL BROOD TO BE HAD IN ITALIANIZING THE BEES

To the Bee Keepers of Orange county:—Since my return from Fresno, it has been my intention to give in as brief a manner as possible, the result of what I learned there, and from reading of the work of others, to the press, so that all the bee-keepers of Orange county should have the benefit of what light we have on the subject of European foul brood up to date. I have been pressed for time or should have given it earlier.

It must be understood from the start that there is a great difference between American and European foul brood. The treatment of one is ineffective for the other. From all I have learned about the black, or European, foul brood, the best method for getting rid of it is to Italianize your bees.

Always bear in mind, though that this does not apply to American foul brood, which is a different disease. The plan is to give the colony a virgin queen or a ripe queen cell fifteen to twenty days after the removal of the old queen. I am fully convinced from what I saw in the San Joaquin Valley that a colony of Italian bees can overcome and clean up European foul brood.

The colonies should, of course, be made strong. If they have become weak, strengthen them by uniting two or more colonies, or by giving them brood. The reason for giving a virgin instead of a laying queen, is that it excites the bees to greater energy and activity in cleaning up the hive. The people of Fresno county do not

appear to be at all discouraged, but are working away Italianizing as fast as they can, believing that they can eventually eradicate the disease in this way. They showed me colonies now perfectly healthy that had been badly affected last year before Italianizing. One writer has said that European foul brood is a blessing in disguise, as it forces all bee-keepers to Italianize. The blacks and hybrids seem to have no power of resistance against this disease.

There are very few apiaries in the county that are all Italianized, and I would urge upon all bee-keepers to thoroughly Italianize their whole apiary. Most of our practiced bee-keepers have many good Italian colonies. Make the whole apiary as good as the best as fast as you can. The germs of European foul brood are not carried in the honey as is the case with the American disease. They are supposed to be carried in the air. We must do all in our power to keep it out, and our best safeguard is to Italianize as rapidly as possible. In several apiaries I saw Italian bees that had survived without care or treatment, and did not show a trace of the disease, while the balance of the apiary of blacks would be dead or almost so. In this country the Italian bee appears to be immune to European foul brood.

J. E. PLEASANTS,
Bee Inspector.

Worms

"Cascarets are certainly fine. I gave a friend one when the doctor was treating him for cancer of the stomach. The next morning he passed four pieces of a tape worm. He then got a box and in three days he passed a tape worm 45 feet long. It was Mr. Matt Freck, of Millersburg, Dauphin Co., Pa. I am quite a worker for Cascarets. I use them myself and find them beneficial for many different diseases caused by impure blood."

RICHARD O'NEAL DEAD AT 85 YEARS

Well Known Pioneer Who Had
Half Interest in Big Ranches
Passed Away

SAN DIEGO, May 9.—Richard O'Neal, one of the best known pioneers of the state, and until recently the owner of one of the largest ranches in the United States, died shortly before midnight Saturday night at his home on the Santa Margarita ranch near Oceanside.

Three years ago he was operated on in the hope of improving his sight. The operation was not a success, and since that time he has been practically blind. He worried considerably over this fact, with the result that his health failed.

He was stricken with apoplexy on Thursday.

In Orange county the O'Neal ranches, the Trabuco Rancho and the Mission Viego Rancho occupy a large portion of the southern end of the county. A deed of Richard O'Neal's land interests to his son, Jerome, was recorded last December it having been given several months before.

The funeral was held at 1 o'clock yesterday afternoon at the Santa Margarita ranch. The remains were sent to San Francisco for interment in Holy Cross Cemetery.

But little is known of the early days of Richard O'Neal save that they were passed in and around Boston, Mass. He was a native of Ireland. He came to California in 1849, during the gold excitement, and he took an active part in the business development of San Francisco. At different times he was connected with the operation of the Washington and California markets, which for years were considered the best there.

Early in the '70's he was interested in mining operations in the northern part of the state, and a little later in the development of the San Joaquin Valley. For a number of years he was manager of a big ranch in Merced county. This was sold early in the '80's, after which he came to Southern California.

Mr. O'Neal's residence in San Diego county dates from 1882 or 1883 when he became an equal owner with the late James C. Flood of the famous Santa Margarita Ranch, whose south line is the San Luis Rey river, just above Oceanside, and which extends into Orange county. The ranch has been devoted to the raising of cattle and to farming. It consists of 135,000 acres in San Diego county and 65,000 acres in Orange county. O'Neal originally bought the Santa Margarita Ranch from Marco and Juan Foster, sons and heirs of Don Juan Foster. The portion of the ranch in Orange county was bought from banking companies.

A few months ago Mr. O'Neal deeded an undivided half interest in the Santa Margarita ranch to his son, Jerome O'Neal, in whom with J. C. Flood, Jr., son of the J. C. Flood with whom Mr. O'Neal was so long associated, the title of the ranch now stands.

While deeding to his son, Jerome, his interest in the ranch, it is understood that the widow and other three children are well provided for with money and interests in other property.

In San Diego county he took an active interest in politics, in the early days. In San Francisco he was one of the founders of the Hibernian Bank. He started many men in business with loans of money and credit which they might not have secured in other channels.

He leaves a widow and four children, viz: Richard O'Neal, Jr., Jerome O'Neal, Mrs. J. J. Bumgardner and Mrs. J. J. McDade.

Up to Date

"Well, well," remarked old Mr. Pastangon, "the young women of today are not what they were in my time."

"No?" replied Miss Huskie.

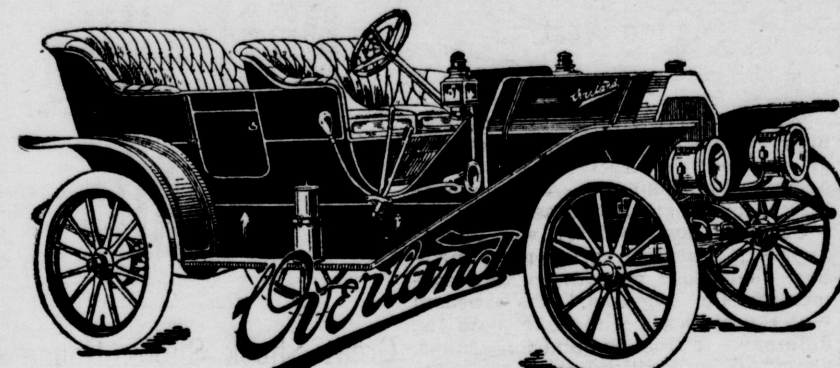

"No, indeed. Why, all you young women nowadays are muscular athletes."

"That's so. In the proud lexicon of feminine youth there is no such word as 'frail'."—Catholic Standard and Times.

"Mr. Grimes," said a minister to one of his deacons, "we had better make the collection before the sermon this morning." "Indeed?" "Yes, I'm going to preach on the subject of economy."

Overland: The CAR THAT CAPTURED THE COUNTRY

The Overland—the car of simplicity—has become the sensation of motordom. In two years, without advertising—simply by each car selling others—the demand has grown until dealers' contracts for 1910 call for 20,000 cars. Four factories with 4,000 employees turn out thirty carloads of Overlands daily to meet the unexampled demand. You should know the car which, in spite of fierce rivalry, has so quickly attained the highest place in the trade.

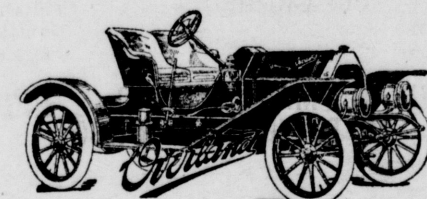

5-passenger, 112 inch wheel base, 34x tires, high tension magneto, oil lamps, generator, etc. PRICE (everything included) \$1650.

The Overland has all the strong, classy points of the \$3000 cars.

First in style and comfort.
First in simplicity.
First in even handling.
First in length and continuity of service.
First in economy of upkeep.
Least in the repair shop.

THE "CHEAPEST-PER-YEAR" ROOFING

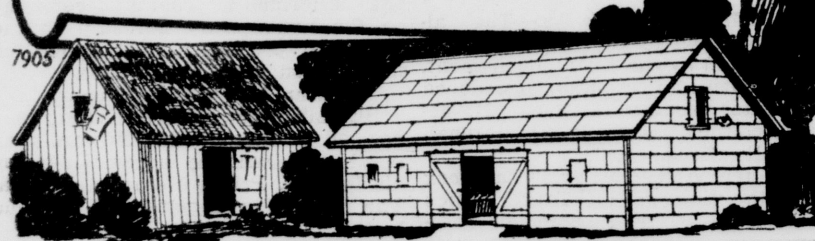

If you average the cost price of J-M ASBESTOS ROOFING over the period of years it is in service, you will see that "J-M" is cheaper to use than any other prepared roofing. Being made of Asbestos, an indestructible mineral, it is permanently durable, and as it does not require any coating or painting, its first cost is the only cost. Easily applied by anyone.

ASBESTOSIDE is an Asbestos Sheathing and is the most economical, durable and easily applied siding known.

Ask for samples and prices.

We Have NOT Quit Business

Several people have called us up and asked if we had quit business. We want to make known the fact that THIS place did NOT and does not intend to leave town. Our business is good and Santa Ana is good enough for us. We believe it's also good enough for you. Boost! Boost! is our motto. Help boost the old town. We are going to boost everything in Santa Ana (but our prices). They are going to remain as low as ever and now don't forget that if anyone says we left town it must have been some one else. Not us! H. B. Heninger	\$2000.00
Taxes and other expenses	100.00
Balance on hand	\$47.00

The price of the property purchased, if it had been taken a year ago, was \$5000.00, but in the meantime taxes to the amount of \$66.00 and other expenses aggregating \$100.00 had been incurred so that the total outlay was \$5100.00, of which the city paid \$3000 and this committee the balance.

As there is a small balance on hand, we think it would be appropriate to apply it to some improvement of the property acquired, unless the parties subscribing to the fund wish the excess pro-rated among them. If there be any who would like their proportion of the surplus refunded to them, if they will apply for it to the chairman of this committee within 30 days, it will be paid to them. At the end of that time the committee will use the balance then remaining as above indicated.

Very respectfully submitted,

Chairman.

The Committee on Parks, appointed by the Merchants & Manufacturers Association, Chamber of Commerce and City Council of City of Santa Ana desire to announce that, having consummated the transaction by which the addition to Birch Park has been conveyed to the city, they are now ready to receive propositions for the purpose of acquiring a large tract of land in some part of the city to be used as a municipal park.

If there be any person, organization or committee representing a section of the city who have propositions to make looking to that end, the joint park committee will be pleased to entertain them.

Any definite proposition that may be made to the chairman of the committee will receive careful consideration.

Chairman of Joint Committee.

Cures Woman's Weaknesses.

We refer to that boon to weak, nervous, suffering women known as Dr. Pierce's Favorite Prescription.

Dr. John Fyfe one of the Editorial Staff of THE ECLECTIC MEDICAL REVIEW says of Unicorn root (Helonias Dioica) which is one of the chief ingredients of the "Favorite Prescription":

"A remedy which invariably acts as a tonic and invigorator of the reproductive system." He continues "in Helonias we have a medicine which more fully answers the above purposes than any other drug with which I am acquainted. In the treatment of diseases peculiar to women it is seldom that a case is seen which does not present some indication for this remedial agent." Dr. Fyfe further says: "The following are among the leading indications for Helonias (Unicorn root). Pain or aching in the back, with leucorrhoea; atonic (weak) condition of the reproductive organs of women, mental depression and irritability, associated with chronic diseases of the reproductive organs of women; constant sensation of heat in the region of the kidneys; menorrhagia (flooding), due to a weakened condition of the reproductive system; amenorrhoea (stoppage of the monthly period), or from accompanying an abnormal condition of the digestive organs and chronic (thin blood) habit; irregular menstruation, or the extreme lower part of the abdomen."

If more or less of the above symptoms are present, no invalid woman can do better than take Dr. Pierce's Favorite Prescription, one of the leading ingredients of which is Unicorn root, or Helonias, and the medicinal properties of which it most faithfully represents.

Of Golden Seal root, another prominent ingredient of "Favorite Prescription," Prof. Finley Ellingwood, M. D., of Bennett Medical College, Chicago, says: "It is an important remedy in disorders of the womb. In all catarrhal conditions, and general enfeeblement, it is useful."

Prof. John M. Schuler, M. D., late of Cincinnati, says of Golden Seal root: "In relation to its general effects on the system, there is no medicine in use about which there is such general unanimity of opinion. It is universally regarded as the tonic useful in all debilitated states."

Prof. E. Bartholow, M. D., of Jefferson Medical College, says of Golden Seal: "Valuable in uterine hemorrhage, menorrhagia (flooding) and congestive dysmenorrhoea (painful menstruation)."

Dr. Pierce's Favorite Prescription faithfully represents all the above named ingredients and cures the diseases for which they are recommended.

SUCCUMBED TO INJURIES

Mrs. F. F. Skelly Died Yesterday Morning From Burns Received Friday

Mrs. Ethel Skelly, wife of F. F. Skelly, died yesterday morning as the result of the burns received at her home at Westminster on Friday morning about 6 o'clock. Mr. Skelly, who was burned about the hands and face in his effort to extinguish the flames upon his wife's clothing, is suffering terribly from the burns. As yet it has not been learned just how Mrs. Skelly came to be injured. It has been shown that the gasoline stove did not explode. It is thought possible that she stepped upon a match near a bottle of gasoline. Mrs. Skelly was 26 years of age. She was the daughter of Mr. and Mrs. T. L. Lewis of Santa Ana, and the mother of two children.

TIME IS THE TEST

The Testimony of Santa Ana People Stands the Test

—The test of time is what tells the tale. The public soon finds out when misrepresentations are made, and merit alone will stand the test of time.

Santa Ana people appreciate merit, and many months ago local citizens publicly endorsed Doan's Kidney Pills; they do so still. Would a citizen make the statement which follows unless convinced that the article was just as represented? A cure that lasts is the kind that every sufferer from kidney ills is looking for.

Mrs. J. William Sackman, 1076 West Fourth street, Santa Ana, Cal., says: "In March, 1907, one of my relatives vouched for the merit of Doan's Kidney Pills, as was proven by their use in her case. At this time, two and one-half years later, I can say that this party still holds the same high opinion of Doan's Kidney Pills and always speaks in their favor when an opportunity occurs. Doan's Kidney Pills proved of wonderful benefit in this case, relieving pains in the back and restoring strength and energy." For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

WORLD'S SUNDAY SCHOOL DAY, SUNDAY, MAY 22, 1910

Throughout the world, Sunday, May 22, 1910, will be observed as World's Sunday School Day. An order of exercises has been prepared to be used as an opening exercise in Sunday schools. These may be obtained by any school wanting them at a trifling expense by writing to the general secretary, Hugh C. Gibson, 714 Wright and Callender building, Los Angeles, if orders are sent in promptly. This service has been printed in 200 languages and dialects.

It is quite appropriate that Sunday schools everywhere should observe his Sunday when the World's Sunday School Convention will be in session at Washington, D. C.

Pastors are requested to preach a sermon emphasizing the claim of the Sunday school as a factor in the development of Christian character.

It is hoped the Sunday schools and the pastors of Orange county will not let this important matter go by default.

Let's all help in this great movement that is doing so much through the Sunday schools to evangelize the world.

NATIONAL HEALTH BUREAU

Anent the conservation of our natural resources the president in his recent speech struck another popular chord. He mentioned human life as the most important of our natural resources and as the first one to be conserved. In this connection he urged the creation of a national bureau of health.

Is it not strange when you come to think of it, that we have no such institution? That would seem to be one of the very first things to be organized in connection with our government, and yet it is just now being suggested!

The agricultural department has been doing some work along this line in the way of pursuing dishonest dealers in food stuffs, and the results show the necessity for extending the work all along the line.

Taft suggests that the government through such a department, take up the campaign against the great white plague and other diseases of a baffling nature, that the human intellect may at last triumph in the war it is waging against natural foes.

FOR "SQUARE DEAL"

Taft's St. Louis speech will strike a responsive chord in the heart of every public spirited citizen. He begs for the square deal for all those in authority and deprecates the utterances of Bryan regarding the appointment of Governor Hughes as associate justice of the supreme court.

President Taft let Bryan down as easily as he could but all the same Bryan struck the ground with a suddenness that must have jarred his spinal column. There was no call for the blast that Bryan sounded when Hughes was nominated for the vacancy. Neither was there any sense in it. Acknowledging that Hughes is a man of the strongest integrity, Bryan still contended that he would rule in favor of private interests as against the public. The inference would of course be that Hughes would do this right or wrong, for the charge would be meaningless otherwise.

What Taft contends for is a just and upright judge who will decide all cases with impartiality, whether involving the rights of a corporation or of the humblest individual. If this work cannot be entrusted to a man of sterling integrity like Governor Hughes, in the name of all that's big and little, to what kind of a man can it be entrusted?

Maybe you did not know that Taft is a member of the Steam Shovelers' union. Well, he is or rather was a member in good standing, but in the excitement of the occasion he attended a ball game that was being boycotted by the union. Now Taft is on the carpet and in a fair way to get the grand bounce. What with the regulars and insurgents, the suffragettes and Shovelers' union he is having a hard time of it, but it is said that he still wears that same old smile.

Count Ismael de Lesseps and Count Just de Poligny are evidently both good shots. They have just fought a duel in Paris during the progress of which they exchanged six shots, with no casualties. Had they been

Less experienced duelists some of the by-standers might have been hurt. This duelling business is a good way of settling difficulties, but sometimes accidents occur, and there is a move on foot in the French capital to prohibit the practice, except by those who have passed an examination on the handling of firearms. This has the advantage of encouraging an old and exhilarating sport by minimizing its dangers and it is said to have the enthusiastic support of all the counts and other high bloods.

The uprising in China appears to be a rebellion against the running of a new railroad through the celestial empire. It must be that the fame of our experiences with these very useful but politically dangerous institutions has spread to distant China. The story has probably lost nothing in its transmission, but it would have to gain nothing to excite the liveliest apprehension in the mind of John Chinaman.

NEITHER ANTI-TAFT NOR ANTI-TARIFF

(From the Los Angeles Express)

We cannot permit to pass unchallenged the comment concerning insurgency of which Representative Needham, of this state, delivered himself in Washington last Wednesday. He said:

"Insurgency in its national aspect is rapidly becoming anti-Taft and anti-protection. When this fact becomes generally known, there will be a change in the sentiment of the country regarding it."

Insurgency is neither anti-Taft nor anti-protection.

As for Mr. Taft, the most aggressive support he received when a candidate for nomination, and by far the most unselfish and sincere, was rendered by the very Republicans whom it is now fashionable to call insurgents. They believed in him and relied on his promises. When he declared that in his judgment the tariff revision promised by the Republican platform meant revision downward, they rejoiced in his interpretation as coincident with their own. When he pledged himself to the principle that constituted the difference in cost of production at home and abroad as the true measure of protection, they gloried in his adoption of it. For they hold with Beveridge: "Less than that is unjust to the American laborer; more than that is unjust to the American consumer."

No, the insurgents are not anti-Taft, for they stand exactly where he

the personnel of the Police Commission was much improved. The Taylor-named commissioners were, however, arbitrarily removed, and the present board appointed.

But in appointing the members of this important commission, Mayor McCarthy scarcely confined himself to the ranks of labor.

To head the commission, Harry P. Flannery, a saloon keeper, was named.

But this did not satisfy the liquor interests. Their candidate was a prominent member of the Royal Arch, one Spiro. So the "Labor Union" mayor put another Liquor Dealers' Association choice on the commission, by naming Spiro.

But the "Republican organization" also had a claim on the commission, and the Republican organization's candidate got a commission.

In this way was San Francisco's "labor union" Police Commission made up.

The "labor" Police Commission proceeded to oust a very good chief of police, Chief Cook and to elevate to that important position Chief Martin.

Another act of the new "labor" Police Commission was to set off a section of the retail shopping district of the city as an "uptown tenderloin," by authorizing dancing in the saloons of the new district.

The "new tenderloin" got right down to business. Gambling establishments began operations, even on Market street. Bunco men did astonishingly bold work. The pick-pocket industry thrived.

The "labor union" administration of the police department was not a success from the standpoint of a citizen who doesn't want to be buncoed, doesn't want to be swindled by a sure-thing gambler, doesn't want his daughter or his son given a start to ruin in a conveniently located uptown dive.

But the administration of the new police department was a failure from the standpoint of the machine beneficiaries themselves.

The machine beneficiaries, for example, who wring sad tribute from the unfortunates of the Barbary Coast, did not take kindly to the opening of the uptown tenderloin. It hurt their business, to begin with, and in addition called public attention to the evil. The public service corporations, the big fellows of the machine are not interested in the bunco and pick-pocketing industries.

It soon became evident that the conflicting interests of the several partners of the November election would sooner or later result in something blowing up.

An attempt was made to impress Chief Martin as the scapegoat. He was put on the carpet and given a "last chance" to make good, to smash the wrong-doers.

But before he could make much progress, the swelling situation burst in another direction. Abbott squealed. The squealing involved Commissioner Flannery.

Such is the mess caused by the "labor union betrayal of San Francisco."

But, as a matter of fact, it is not a "labor union" administration of the police department at all. It is the same old "machine" administration, which usually acts in the name of the Republican party, sometimes in the name of the Democratic party, and is now here in San Francisco masquerading in the name of "union labor."

And what is the "machine"? Why, the political bureau of the Southern Pacific Railroad Company, working with the minor bureaus of the local public service corporations that had officials under indictment who wanted to be saved from state prison; of saloon interests, that wanted privileges which they should not be allowed; of tenderloin interests, that wanted improved opportunities to wring toll from the unfortunates; of business interests which short-sightedly thought they could secure big profits in a wide-open town; of gambling interests, that wanted free hand to pluck their victims.

This combination, "assisted" the laboring people of San Francisco to elect a "labor union" administration.

Just now the thing that most interests California voters living outside of San Francisco, is how the present administration will line up during the coming state campaign.

At the Republican primaries, it is generally conceded Mayor McCarthy will throw his influence for Alden Anderson. Color is given this rumor by the fact that Colonel D. S. Dorn, who headed the McCarthy Business Men's Club, that did much work in the election of the "Union Labor" ticket, has come out for Anderson.

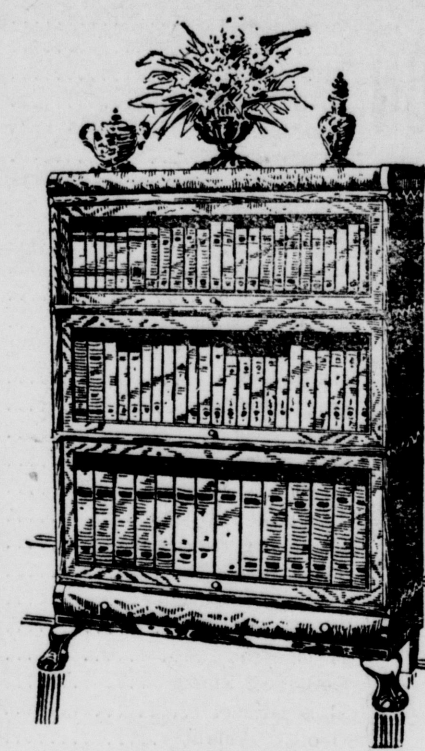

Lesser lights who were hot in McCarthy's fight are now just as hot for Anderson. It is interesting to note, too, that practically all of the regular machine politicians, like Johnnie Lynch, Jere Burke and Leon Denberry, are working for Anderson.

On the other hand, Senator Eddie Wolfe, who received the endorsement of the Union Labor party for the state senate in 1908, is reported for Curry. But Senator Wolfe has that on-again-off-again knack, and a lightning switch on his part would scarcely do violence to his nature.

But the same is true of the regular corporation politicians who are behind Anderson. They could, without doing violence to their political ideals, switch from Anderson to Curry, just as readily as Wolfe could, and the probabilities are good that the whole bunch of them will in the end be found behind that one of the two candidates who develops the greater strength.

The machine leaders will not be split on any question of such vital importance to machine interests as the election of a governor; the people of California may be sure of that. But whether, with two candidates on their hands, one with the high personal integrity of Alden Anderson, and the other with the popularity of Charlie Curry, the machine leaders

All Macey Bookcases Are

- Sectional although solid in appearance.
- Mounted on interchangeable legs (only one required at intersection).
- Fitted with invisible locking device.
- Equipped with perfect working door mechanism.
- Possessed of distinct furniture designs.
- The only ones nice enough for the home.

Business and Professional Men recognize the merits of MACEY SECTIONAL BOOKCASES

The Macey has more exclusive features than any other sectional bookcase on the market. Here are a few of its

Points of Superiority

ABSOLUTELY DUST PROOF—Each section is provided with a dust shield making it positively dust-proof.

NON-BINDING DOORS—The door-guide attachment prevents the doors from binding. No matter how or where you grasp the door it moves freely and easily into position. It can not bind.

QUALITY OF WORKMANSHIP—No sectional bookcase on the market is so well made as the Macey. Every joint is perfect and every section, base and top is so strongly reinforced that sagging is impossible, no matter how heavy the weight of books.

BEAUTY AND DURABILITY OF FINISH—The finish of the Macey is one of its strong points. It has a polish finish equal in beauty and durability to the finish of a fine piano.

ALL WOODS ANY STYLE OF FINISH—Macey sectional bookcases come in all the good woods and in any desired style of finish. Plain oak, golden oak quartered oak, fumed oak, early English walnut, genuine mahogany, etc.

Immensely popular with lawyers, doctors, dentists, clergymen, etc. for the office, also the most convenient, practical and beautiful for the home. If you want the best bookcase on the market—you want the Macey.

Society

For Mrs. Beissel

Mrs. Frank Miller, of North Bush street, gave a pretty party at her home Wednesday evening, in the form of a surprise, in honor of Mrs. Beissel, who leaves shortly for an extended Eastern trip.

An abundance of Cecil Bruner and oeatiful red roses, with numerous May baskets, were used tastefully in decorating the rooms. A pleasant evening was spent socially and in the playing of games, after which dainty and delicious refreshments were served.

The Clover Club ladies and their husbands departed for their homes in the "we sma" hours, wishing Mrs. Beissel a most pleasant journey, and assuring Mrs. Miller that she had proved herself an entertaining hostess.

Farewell Party

A farewell party for Misses M. M. and Lucille Morse was given on Saturday night by Mr. and Mrs. C. H. Morse at their home at 725 Mortimer street. The young ladies will soon leave for New Mexico, and the event of Saturday evening was marked by the expression of good wishes for the journey and the lengthy stay to be made by the Misses Morse.

Games and the enjoyment of dainty refreshments served by the entertainers were pleasant features of the informal party, at which the guests were Adelina Hill, Alice Wasser, Marjorie McGee, Grace Patterson, Wilma Andrews, Ruth Collins.

For Miss Garnett

On last Saturday evening Miss Hazel Thomas entertained with a dinner party for Miss Lowell Garnett, who is to be one of the May brides. The table decorations were charming and unique, a Maypole occupying the center of the table, with its ribbons of gay colors extending to each plate, where rose place cards and May baskets filled with Cecil Bruner roses made exquisite favors.

The evening was spent delightfully in a social way, the guests all being close friends of Miss Garnett. In addition to the guest of honor and the hostess there were present Misses Jane Humphrey, Grace Parker, Mildred Crosier, Mrs. Lawrence Bristol.

Hermosa Social Tonight

Much enjoyment is anticipated from the social function to be given tonight by the officers of Hermosa Chapter in the chapter hall and parlors. The affair is for the members and friends of the chapter, and there will be presented a jolly farce, "The Heartville Shakespeare Club," followed by a social hour of various diversions and light refreshments. A silver offering will be taken.

Pro Bono Class Social

Mr. and Mrs. C. G. Ramsey, assisted by Mr. and Mrs. Raitt entertained the Pro Bono class of the United Presbyterian church at the home of the Ramseys, 822 Parton street, last Friday evening. The attendance was large and the efforts put forth by those entertaining were heartily appreciated. Everyone entered thoroughly into the spirit of the occasion, and the May social will be entered upon the archives of the class as a memorable one.

A musical and literary program followed the opening exercises, participated in by the children of those entertaining. A startling and unique feature of this part of the exercises was the song, "Listen to the Nigger Sing," by Mr. R. J. Skiles, who played his own accompaniment. It seemed as if the surroundings were an incentive for Mr. Skiles to exhibit a latent talent. Appreciation would be a mild expression.

Various games were indulged in, and the entire evening's program was very nicely arranged, and carried out to the pleasure and satisfaction of all.

The pastor, Rev. W. L. C. Samson, gave a splendid talk to the class, commending them for the work done, and encouraging the members with kind words for the future. He leaves Wednesday for a two months' vacation in the East, attending the session of the General Assembly at Philadelphia.

Refreshments were served and after the closing exercises, the guests separated, thanking the Ramseys and Raitts for their kind hospitality and the successful evening's entertainment.

That Baby Show

There were over 100 babies, sweet and cunning, who cooed and prattled before a crowd of spectators that crowded Spurgeon's and Fraternal Brotherhood Halls Saturday when the Baby Show given by the ladies of the Congregational church was held.

The ladies who received the babies and their mothers, serving fruit punch during the afternoon, were Mesdames W. B. Tedford, Chas. H. Secombe, George McPhee, Theo. Lacy.

Spurgeons Hall was devoted to the baby clothes booth, presided over by Mrs. J. P. Baumgartner and Mrs. Ella I. Fyfe, the candy booth in charge of Mesdames Trago, Terwilliger, Par, the Misses Hall and Miss O'Brien. Mesdames True, Decker and Chapman presided at the ice cream tables. The decorations were very pretty and dainty. A program given by the children in the afternoon was heard by a large and appreciative audience. It follows:

Opening Chorus, "The Brooklet"—26 boys and girls.

Goodnight drill—Jean Winslow, Harold and Raymond Chapman, Eleanor Embree, Ronald Crookshank, Helen Hankey, Dorothy Smith, Ruth Harvey.

Evelyn Trickey, Francis Edmonde, Pauline Carnahan, Eva Chapman, Ruth Bartlett, Constance Crookshank, Willis Baker.

Song, "Babyland"—Little Evelyn Trickey.

Recitation—Master Ronald Crookshank, aged 2 1/2 years.

Weaving of the Maypole.

Maypole dancers—Dorothy Mead, Alexia Collins, Margaret Tingley, Marguerite Tedford, Hazel Chapman, Olive Brown; Masters Eugene Trago, Frank Chapman, Ralph Beals, Harold Carnahan, Ralph Cole, George Chapman.

May Queen—Miss Mariel McPhee.

Queen's Attendants—Little Helen Hankey and Jean Winslow.

Broom Drill—Twelve boys: Frank Chapman, Roscoe Price, Eugene Trago, Taylor Vanderlip, Ralph Beals, Ross McPhee, Ralph Cole, Cary Davis, George Chapman, Fredrick Secombe, Harold Bartlett, Harold Carnahan; flag bearer, Muriel Irving.

Backward Drill—March. Fourteen girls. Dorothy Summers, Gertrude Fuller, Gladys Smoffer, Marguerite Tedford, Dorothy Mead, Margaret Tingley, Hazel Chapman, Alexia Collins, Esther Smith, Marjorie Smith, Olive Brown, Audia Decker, Helen Hargett, Gertrude Carnahan.

In the evening "The Gypsy Girls," a musical sketch, was given with most satisfactory results. The brilliant costumes, the weaving of the Maypole by the Gypsy girls, the fortune tellers, the campfire, the group of dainty robed visitors to the camp, were shown in a pretty woodland setting. The sparkling chorus, with triangles and tambourines, and the special numbers given by Mrs. Ella Fyfe, Misses Elsie Harrison, Emeline Petersen, Hazel Roberts, Ida Oerlin, Mame Havens, Annette Deardorff, Nora Whitsall, Elizabeth Willard, formed a concert of great merit. Mrs. A. J. Crookshank was the efficient director and those taking part in "The Gypsy Girls" besides those already mentioned were: Janet Rowell, Kate Cubbon, Gladys Harrison, Margaret Ore, Gertrude Montgomery, Josephine Alexander, Mame Havens, Louise Montgomery, Mrs. Abe Roberts, Mrs. Theo. Lacy, Mrs. A. J. Crookshank, Misses Mildred Mead, Jean Humphreys, Mabel and Mildred Mansur, Ila Brown, Emma Hasty, Margaret Roy, Alice Cranston, Dorothy Secombe; accompanists, Miss Lida Crookshank, piano, Mrs. Babbie, violin.

The following is a partial list of names of the babies at the Baby Show:

Francis M. Hill, Hiram Moulton, Margaret Schultze, Marjorie Edmonds, Gladys Ellsworth, Charles Frederick Bates, Frederick Earl McCormack, Pauline Baker, Jean Summers Bishop, Mary Elizabeth Hott, Charles Remsburg, Wayne Rannels, Francis Harvey, Lois Dilley, Doreen Brown, May McCarrell, Irene O'Brien and Helen O'Brien, twins, Delena Harlan, Lois E. Winslow, Lenard Atter, William Jerome, Veta Irene Mitchell, Eva Minnie Adams, Jennie Sherwin, Breta Andre, Thomas Smith, Helen McMurray, Vera Kimble, Mary Wilma Fine, Verad Selva, Lambert McFadden, Esther Lorech, Forest Severance, Marjorie Wheaton, Nina Rowland, Helen Maree Drake, Charlotte Brown, Everett McElree, Margaret E. Trickey, Elizabeth Blair, Vera Rosenberger, Lucille Dwyer, Nicholas Summers, Gladys Jennie Goodwin, Powelly Ross, Howard Moesser Paul, Viola Williams, Edwin Gearhart, Franklin McClain, Willa Thompson, Josephine Crookshank, Kenneth Charles Price, Barbara Isch, Mary Elizabeth Doyle, Robert McKean, William Smith, Maneral Benson, Elizabeth Palmer, Lole Manderschied, Willa Smith, Alfred Schultze, Francis Jones, Dorothy Traywell, Robert Thompson, Thomas Francis Hill.

Rev. Murkett Will Read

The Ladies' Aid Society of the First Methodist church, has engaged the pastor, Rev. H. E. Murkett, to give an evening of readings, on Wednesday, May 25. The place where the readings will be given has not yet been decided upon but will be announced later.

A Skilled Musician

At the Parent-Teachers Association meeting, held last Friday evening in the Tustin Presbyterian church, selections from Il Trovatore were played by Mrs. Rickert with great skill. The rendition of the Gypsy chorus, the march of the King and the prison scene demonstrated her training and musical culture. These numbers constituted a genuine musical treat.

Mr. W. Shafer of the Shafer-Goodie Motor Company of Los Angeles is in the city today accompanied by Mr. Russell of San Luis Obispo. Mr. Shafer is exhibiting Mr. Russell's Glide automobile, which has been in service for four years and has been driven 55,000 miles. Both Mr. Shafer and Mr. Russell are very proud of the appearance and condition of this car, after such a long and strenuous service. The Glide is represented in Santa Ana by the Reed Motor Car Co.

One-forty-ninth Each

Lydia Jane Rothe has petitioned the superior court to be appointed guardian of the estate of Clarence, Theresa and Daisy Speer. The estate consists of one-forty-ninth part each of the estate of John Speer, grandfather of the minors. Each estate is worth \$100.

WALLUPED TO 15 TO 0 SCORE

Yesterday Local Team Evened
up With McCormicks for
Other Defeats

(By Sunny Jim.)

The locals got sweet revenge for every old score that they ever held against the McCormick nine by defeating them yesterday, 15 to 0. Reiger, who was on the mound for the visitors, lasted only one inning, as the locals scored seven runs before he was taken out of the box. The two pitchers who succeeded him did not fare much better, as eight runs were scored off their delivery.

Hinrich was in good form, allowing but two hits. Dutch swung the wag-on tongue for two doubles and a pair of singles out of four trips to the bat. Angie's fielding and Teck's base running were the features of the game.

This makes four shut-outs for Santa Ana out of six games played since the Trolley League season opened. Captain Meats has the team working in fine shape, and says he does not expect to lose another game. Next Sunday Santa Ana will play the Sand Crabs at Long Beach.

NEWS BUDGET FROM ORANGE

Relatives of Mr. and Mrs.
Urshel Gave Them a Sur-
prise Last Friday

ORANGE, May 9.—About twenty-one relatives of Mr. and Mrs. J. Urshel surprised them Friday, bringing ice cream, cake and other good things to eat. They all had a merry time, as is always the case when the members of this family get together. Those present with Mr. and Mrs. Urshel were Mr. and Mrs. Winklepleck, Mr. and Mrs. Bright and family, Mr. and Mrs. C. Winklepleck, Mr. and Mrs. J. Dowell and son.

Mr. and Mrs. Dowell spent Sunday in Santa Ana visiting W. Davis, an old schoolmate of Mr. Dowell.

Orange News. Mr. G. W. Fate, residing on West Chapman avenue, suffered a fall last evening, which will keep him in bed for a few days, or perhaps a week. Mr. Fate was putting the horse away in the stable, and had been upstairs in the stable getting some feed for the animal. On coming down the steps he stumbled over a pail which was setting on the steps, and fell to the floor, from about half way up the steps. Being an elderly gentleman, he suffered a severe shake-up, and bruised and slightly strained his hip.

The board of directors of the Bank of Orange have announced that the bank will build an office building on its property at the rear of the bank building, fronting on the plaza. The building will be a one-story brick. The site is now occupied by the Bennett Fruit Store.

The East Washington Avenue Embroidery Club was entertained yesterday afternoon at the home of Will Weistcher. Those present were: Mrs. Wallings, Mrs. Weistcher, Mrs. John Valentine, Mrs. Carl Doescher, Mrs. Clarence Ross, Mrs. Emily Leech, Mrs. Will Boyer, Mrs. Ray Valentine and Miss Edith Leach. Dainty refreshments, consisting of salad, cake, ice tea, banana salad, cheese, sweet pickles and sandwiches. The next meeting will be with Mrs. Leech.

Mr. and Mrs. Van Sweangan and Mr. and Mrs. M. Cooder, from Champagne, Ill., are spending a few days as guests of Mr. and Mrs. H. Clark, 211 South Glassell street.

Mrs. W. A. Dyer went to Fullerton this morning to remain over Sunday with her daughter, Mrs. Sig. Salverson.

—Now is the time to enter Orange County Business College—

AMUSEMENTS

MAY ROBSON

"The Rejuvenation of Aunt Mary"

May Robson will be seen at the Grand Opera House Tuesday evening in her great success, "The Rejuvenation of Aunt Mary," which she has played for two whole seasons on the road without closing. As a comedienne Miss Robson stands alone. In the delightful role of Aunt Mary she has created a part which stands alone, and no one could portray the part so true to life as Miss Robson. L. S. Sire, under whose management Miss Robson is starring, has given her able support and the production is one of the best seen on the stage. From coast to coast Miss Robson has played this delightful comedy, and critics have endorsed it as one of the best seen in years.

The play is quite different from anything of its kind ever presented on the stage. It is one big surprise for the theater-goer, it is a new and different sort of comedy that makes one laugh with a whole-souled spirit. The lines scintillate with wit and humor, and Aunt Mary is the center of it all, a big-hearted woman of generous impulse, all bound up in her scape-goat nephew.

Roosevelt in Africa

At last we are to be favored with a visit from Col. Roosevelt, and he will be in Santa Ana for three days and three nights and everyone wishing to see Col. Roosevelt will have the opportunity from 7:30 to 10 o'clock tonight, Tuesday and Wednesday nights, and Wednesday afternoon from 2:30 to 4 o'clock. Manager Roberts has gone to great expense and trouble to secure the genuine Roosevelt in Africa pictures, and desires to have it understood that it is not to be a short, abbreviated expedition, but full length performance. This great feature subject was secured

at an enormous expense by the co-operation of all the manufacturers licensed by the Motion Picture Patent Company, the negatives having been taken by Cherry Kearton of London, who followed Col. Roosevelt to Africa and secured his co-operation, after weeks of strenuous effort. There are two full reels, two thousand feet of pictures, and thirty-six scenes. All of this, with a full reel of comedy and new songs, will be at the Temple Theater for Monday, Tuesday and Wednesday nights, May 9, 10 and 11, and Wednesday matinee at 2:30, and all for the usual price of admission.

Roosevelt As a Cattleman
(Tom Dwyer in Spokane Spokesman-Review.)

As I have been a continuous subscriber to your paper for the last 14 years, and have read so much about Mr. Roosevelt and his policies, I want to say how frontiersmen were benefited by those policies in quieting a bad country.

In the fall of 1882, when the Northern Pacific railroad was built along the Yellowstone river, a party of Englishmen of rank and capital came out in a special car looking for investments in that country, and came to the conclusion to flood the whole country with cattle.

On their return to England they informed their friends of their wonderful proposition in America, and it soon became known in the moneyed circles of Europe, and the following spring and summer capitalists came out from England, France, Germany, Holland and Belgium, as well as from many states; cattlemen from Texas drove their tens of thousands of cattle over the trail into that country.

The first to come that spring was the French duelist, the late Marquis de Mores, and from that time on they kept coming. Among the bunch came Roosevelt, to hunt buffalo and other big game, also to look over the field for investment, as the country at that time looked good to him. At that time nobody could get work unless he was a gun man, for everybody wanted as much of Uncle Sam's big field as they could get.

It was customary when the boys went to town to paint it red, which they never lost a chance to do. They used to ride into the saloons and make the bartenders trot around with drinks to all the guests in the place. When a train would come in sight they would shoot as fast as they could and make the conductor dance the Highland fling, and keep up with the shooting until the train would pass out of sight. But Mr. Roosevelt stopped all that. He looked for good men, got them, kept them and appreciated them.

Mr. Roosevelt bought some cattle on the range, shipped in some more from the middle states and soon became one of the leading cattlemen in the country. He helped to form the stock association in Miles City, and said to that body that he wanted no gun man.

Cattlemen passed resolutions that if any of their men went to town and used their guns for a paint brush they would be discharged.

My object is to show how Mr. Roosevelt at this young age used methods that benefited everybody, and this letter is not written by a wild cowboy or by a city swell, but by an old frontiersman who knew Mr. Roosevelt.

THE WAY OUT of a SOCIAL DILEMMA

GETTING a fourth hand for "bridge" is only one of a thousand social uses of the Telephone, and Telephone Service promotes sociability and good fellowship because it brings neighbors closer together. Your friends all live within talking distance.

It is the same with your out of town friends—the universal service of the Bell System makes them your neighbors, too. Your voice can reach all by means of the Bell Long Distance Service.

LOS ANGELES PRODUCE MARKET

Owing to the annual picnic and excursion of the produce men of Los Angeles, all wholesale houses and the market will be closed today. There will be even fewer activities than on the Fourth of July or any of the other holidays, for the reason that this is an absolute produce men's holiday. A special train carried about three hundred dealers and their assistants to Santa Barbara yesterday evening. They will remain at the Hotel Potter while in that city, returning Sunday evening. During the day they will have their annual races—foot, burro, horse and relay—for which a number of very beautiful cups are offered. This evening the program will include a minstrel show at the Potter Theater. Tomorrow will be spent in autoing in the Montecita district.

The arrival of large quantities of berries and some other fresh fruit is given as the chief cause for the decline in tomato prices. With the coming of these fruits, the demand for tomatoes has dropped perceptibly. Prices have declined accordingly and some of the tomatoes are selling as low as \$1.25 per crate.

The chief feature of the morning was the slacking up in receipts of strawberries. Owing to the low prices, the Japanese growers have stopped picking the berries. They prefer leaving them to rot on the vines to marketing below 50 cents a crate. The actual cost of marketing a crate of berries has been figured at 45 cents, including baskets and labor. Even with smaller receipts, strawberries sold at 2 and 3 cents a basket.

There were few if any changes in the market on staple commodities. Egg receipts were 360 cases. Case count were best sellers.

Butter receipts were 23,920 pounds. The market was not as firm as it has been for the past week, owing to the fact that northern prices were down a cent. San Francisco quotation on creamery extra butter was 25 cents a pound, 2½ cents below local.

which will naturally help divert some shipments to Los Angeles. Cheese was not very active. Receipts were 1161 pounds. There was but one feature, the firm feeling on northern fresh. The range from 15 to 16 cents was taken up, making a straight price of 16 cents again.

Potatoes were sluggish in movement and prices as low as ever, with no brightening in the outlook for better quotations. Receipts were only 388 sacks. No onions were reported in and the market was quiet.

A shipment of six baskets of alligator pears from Celaya, Mexico, was received by one of the local houses. The pears sold at \$4 per dozen, although of small size.

Fish shipments have been stopped for the simple reason that fishermen have been catching more than the demand would take up and this has glutted all of the markets.

CHANNEL MAP IS ACCEPTED

Each Property Owner to be Asked to Name Price He Wants Per Acre

The board of directors of the New-Bert Protection District on Saturday afternoon accepted Engineer Kellogg's map of the proposed Santa Ana river channel through the district. This map follows the width of channel as adopted at a previous meeting, varying from 300 feet up to 450 feet, according to location.

The board prepared a form to be presented to property owners through whose lands the channel runs. This form will show the name of the property owner and the amount per acre that he wants for the right-of-way through his property. The getting of the signatures of all property owners along the channel is the next step to be taken by the district.

The meeting adjourned at the call of the president.

Never Despair

The most perilous hour of a person's life is when he is tempted to despond. The man that loses his courage loses all. There is no more hope for him than a dead man. But it matters not how poor he may be, how much pushed by circumstances, how much deserted by friends, how much lost to the world, if he only keeps his courage, holds up his head and with unconquerable will determines to be and to do what becomes a man all will be well. It is nothing outside of him that kills. It is within that makes or not makes.

A. B. HENRICKSON—
FOURTH STREET GARAGE
(ALWAYS OPEN) SANTA ANA, CAL.

STATEMENT BY S. J. JACKMAN OF S. A. V. I. CO. MEETING

Santa Ana, Cal., May 9, 1910.
Editor Register:—In your Saturday's paper you stated in connection with the S.A.V.I. Co. election that there was a quorum present, or 8,658.37 shares represented, yet there was not enough votes present to carry the raise of the capital stock and make other changes, even had all been favorable.

Your article says there were not enough to carry the raise of the capital stock even if all were favorable. Now, what the writer and hundreds of others want to know is, on what authority that statement was made. The facts in the case are that those in "control" refused to allow all the stock present to be registered, that we might know of a fact whether there was the necessary two-thirds of the issued stock (to-wit, 11,464) present. This we now can never know. The meeting opened regularly; the call for the election was read. Then the secretary called the roll, and when finished it was found that something over seven thousand shares of the stock had answered in person or by proxy. The writer then made a motion, which was seconded and carried, that those present either in person or by proxy, who for any reason had not answered in person

or by proxy, on roll call, be given an opportunity to do so. This was being done regularly and in order when the presiding officer broke in on the proceedings and told those who were filling or registering the proxies (and there must have been many of them, judging by those in line with bunches of proxies they held in their hands) that they had a quorum present and there was no use to file any more. Immediately this announcement was made Mr. Armour made a motion that the meeting adjourn until a date in July. It was seconded and carried before those not "on" could realize what was being done. Why they disregarded the motion to allow all proxies present to be filed, only themselves can answer, and what they hope to gain by trampling on the rights of the stockholders is a mystery.

The writer went to the election to vote for all three of the amendments, and if it had come to a vote would have done so, and will do so if given an opportunity next July; for with a by-law that will bind the actions of our directors as well as the stockholders we have nothing to fear.

Yours for truth, justice and a square deal.

S. J. JACKMAN.

WANT TO BE IN DISTRICT

Auguste Martel Petitions to Enter Talbert Drainage District

On Saturday afternoon the Talbert Drainage District directors met at the office of the secretary, Miss Frances Johnston, in the Commercial Bank building.

The petition of August Martel to have his lands put into the district was accepted. Martel's land is in the northeast quarter of the southeast quarter of section 30, township 5 south, range 10 west.

Mrs. Roberts petitioned to be allowed to withdraw from the district. The petition was taken under consideration.

E. L. Vegely is expediting the district's books of the last year.

The next meeting of the board of directors is June 7.

Our Washington Letter

WASHINGTON, May 9.—American race horses going to compete on the Canadian tracks, and fat cattle or fine poultry sent across the border for exhibition purposes, may now go without fear that when their owners want to bring them back to the United States they will be made to pay a high rate of duty on them. But it took a treasury ruling to move this threat, which, of course, was never intended by the framers of the tariff law, and which was the result of hasty and careless construction.

One of the paragraphs of the law provides for the return to this country free of duty of "articles the growth, produce, or manufacture of the United States, not including animals." The last three words were introduced into the bill on the floor of the Senate subsequent to the report of the bill from the Senate committee. It was not in the House bill.

From an examination of the Congressional Record, Assistant Secretary of the Treasury Curtis, who has

charge of customs matters, was convinced that the language was obviously intended to limit the conduct of cattle-feeders and breeders along the border lines, who frequently brought back with their herds foreign-born calves, etc.

So he has issued the necessary instructions to collectors of customs to allow American animals sent into Canada or Mexico for temporary purposes to be brought home free of duty.

If "T. R." should bring back from his African trip a tame lion whose teeth he had extracted with his mighty hand, he would have to pay 20 per cent duty on the estimated value of the animal.

But if some big circus manager should bring into this country a lot of lions, tigers and elephants, and other menagerie exhibits, no duty at all would be assessed.

Just after the new tariff law went into effect an American circus consisting of tamed dogs and ponies, which had been performing in Canada tried to come back to the United States, into the state of Washington.

It was confronted by this peculiar language of the tariff bill, and it looked for a time as though the owners would have to pay duty on every horse and pony and dog connected with the show. The local collector of customs, however, permitted the animals to return to this country without assessing duty. Now, nearly a year after, the Treasury Department has approved that collector's action on the same grounds as will be applied in the case of race horses and other animals sent to Canada or Mexico for exhibition purposes, the further argument being made that there would be a discrimination if these American bred animals were not allowed to come back free of duty when lions and tigers and other tropical products in the animal hive, traveling as a circus or menagerie, were permitted to enter without payment of customs duties.

GOES BACK TO SEE OLD HOME

J. T. Megeath Returning to Virginia to Note Changes of Forty-six Years

BERRYDALE, May 8.—J. T. Megeath leaves this week by way of the Santa Fe, for a month's visit at his old home at Margum Station, Talquer county, Va. Megeath left there in '64, at the close of our unpleasantness, and has not returned in all the intervening years. Many changes occur in forty-six years, and it is doubtful if he finds many familiar faces.

Clark Levengood, an old time resident of Berrydale, motorcycled it down from Pomona this morning, arriving here before we were out of bed. Clark made the trip ostensibly for a friendly visit, but he really came to enjoy a feed of strawberry short cake "just like mother used to make."

Ed. Levengood is running a horse market and feed yard at Pomona, and is getting opulent as well as corpulent.

The Swartzbaugh contingent drove in late yesterday evening, having made the trip from El Centro in seven days. The weather was cold, the roads fair, the kids homesick, and they used up all the daylight and then some. Their last day's drive covered 50 miles. One young lady of the party said she would have very much regretted to have died and passed on to another world without having made this trip. About the most exciting event of the journey was in running into a family of nine skunks.

Mr. J. P. Baumgartner, wife, father and sister, toured Berrydale today in quest of ripe peaches. Having heard that everything under the sun grew here with such spontaneity, they saw no good reason why they should not be on tap almost any old time. In lieu of ripe peaches, I gave them a drink of nature's greatest gift to man—a glass of pure, cold water.

Mr. and Mrs. D. E. Cozad and Mrs. Emma Hill drove over to Huntington Beach today to have a look at old briny, and to smell the fragrance of the floating sea weed. And the clock in the tower tolled off the hours, one by one.

I stopped at a house in Anaheim the other day and asked the lady if she could tell me who lived next door. After a moment's hesitation she said, "Isaac Kahn." Then I said, "Can't you?" But she didn't.

ROUNDED-UP AND IN JUVENILE COURT

One Accused of Burglary and Other of Theft of Stafford's Bicycle

Ferdinand Greer and Archie Barnes have been rounded up by City Marshal Edwards and Officer Hamilton, and are now in course of treatment in the juvenile court. The boys traveled together. Each one faces a serious charge.

Ferdinand Greer is accused of breaking into the house of Lewis Stevens, watchman of the Santa Fe gardens, and stealing a watch, gun and three razors. A part of these were recovered.

Archie Barnes is charged with taking a bicycle on April 13 from a packing house. The bicycle was the property of W. A. Stafford. The boy is accused of having taken the wheel to Anaheim, where he traded it for a 44-Cal's revolver and \$2.

A Rude Landlubber

It is said that every man's definition of the term "gentleman" makes it inclusive of himself. Likewise it is true that each man is prone to believe that his manners are the best in the world. A writer in the Washington Star, speaking on this point, relates the following story. On a man-of-war there was once a reception, and it happened that a distinguished statesman forgot, or did not know, the usual formal salute on coming aboard.

"Who's that lubber what don't tip his skypiece to the skipper?" said a sailor.

"Choke your luff," returned another sailor. "That's Senator Blank, the famous tariff leader."

"Well," growled the first sailor, "why ain't he got manners enough to salute the quarter-deck?"

"Manners!" a third sailor, chipped in. "What does he know about man-
